Bryan Jarrett is Wavetronix’ Vice-president of Engineering. He has worked at Wavetronix since April 2001, first as a Senior Engineer and leader of the traffic modeling and prediction team, and later as the assistant director of engineering. Before joining Wavetronix, Mr. Jarrett was employed as a radar analyst for Hughes (now Raytheon) Missle Systems. Mr. Jarrett holds a bachelor’s degree in electrical engineering from California State University at Fresno; a master’s degree in electrical and computer engineering, with an emphasis in signal processing, from Brigham Young University; and a master’s degree in business administration from the University of Arizona.
